

Tag Manager Manual

?# Getting Started

Welcome to the **Tag Manager** documentation.

Whether you are a new or an advanced user, you can find some useful information here.

Go ahead, dive in!

Firstly, please, find our extension in [My Downloadable Products](#) section of our store. Learn [how to install extension](#).

?# How to install the extension

Quick Start

General Settings

Option	Description
Product Identifier	Set the attribute that will be used for product tracking. Select from ID, or SKU.
Identifier resolution (for cart, checkout and success page)	Choose the parent or child identifier
Track view catalog page event	Enables tracking of category pages
